

Welcome

Nightshade Studios is an independently operated multimedia development, production and distribution company with its key focus being motion pictures.

We are dedicated to the independent artist and positioning ourselves to be a leader in the industry. Thanks to the restructuring of our company, we have begun divisions to develop talents in filmmaking, acting, writing, music, graphic arts and event planning and promotions.

Our mission goes beyond development and includes support for undiscovered talents. You need not be a represented filmmaker, actor or writer. Our open door policy allows for anyone to submit materials to us. In fact, we encourage it.

Filmmakers can submit their material to us for distribution consideration, actors can submit materials and headshots for priority casting considerations, writers for development consideration and more.

We are still developing features for our site so check back often. Please feel free to visit our Community forums and talk about what is important to you.

We want to hear from you. If you have an idea about a feature or service you'd like to see here, let us know. Post it in our forums or send us a message we're here to help.
